ABOUT ME

I am an Information Systems graduate from Bahir Dar University , Poly Campus with hands-on experience in web development, database design, and system analysis. Skilled in JavaScript, Node.js, MySQL, HTML, CSS, and Git. Passionate about building practical software solutions and eager to contribute to a collaborative development team while continuously learning new technologies.

EXPERIENCE

https://github.com/BDU123456/Intern-Bridge.git

Intern Bridge - Internship Platform(Web Application) | 2017 E.C ,2025 G.C
Internship Project At Alyah Sortware Company PLC

- Designed and developed a full-stack internship platform
- Strengthened backend development skills by implementing APIs and managing data using Node.js and MySQL
- Gained practical experience in authentication and security by integrating JWT-based user login systems
- Improved database design skills by creating structured relational models
- Developed problem-solving and debugging skills while handling system integration challenges

FINAL YEAR PROJECT

https://github.com/zedaAb/final_year_project.git

Digital Queue & Appointment System |2018 E.C , 2026 G.C

- Developed and gaining experience in designing systems for real-world service environments
- Strengthened skills in system analysis and design by identifying user requirments
- Implemented appointment scheduling features, improving understanding of time based data handling
- Gained experience in database management by organizing patient records and appointment information
- Enhanced ability to design practical solutions aimed at improving efficiency

EDUCATION

BSc in Information Systems **Bahir Dar University | 2015 -2018 E.C , 2023 - 2026 G.C**

- CGPA: 3.7
- Relevant Coursework: Database Systems, Web Development, Networking

CERTIFICATES

Udacity (Ethio-Coders Program)

- Programming Fundamentals
- Data Science Fundamentals

Cisco Networking Academy (CCNA)

- Introduction to Networks
- Switching, Routing, and Wireless Essentials

Hackathon Participation

- Participated in Cursor Hackathon, Bahir Dar University

Bahir Dar University Trainings

- e-SHE Online Training Program
- Employability and Job Readiness Training
- Design Thinking Training

SKILLS

Programming Languages
JavaScript
Python
Java
C++
C#

Database
MySQL
PostgreeSQL

Web Technologies
HTML
Tiwiland CSS
Node.js
Express.js
REST API
React

Tools
Git & GitHub
Visual Studio Code

Soft Skills
Communication
Teamwork
Problem-solving
Time management
